Specialist training consultants for the Construction Industry

Project Management Funding Applications Grants

Construction Training Support HR Support

Our Mission:

We help maximise training funds. Not only does this enable you to ensure your workforce is safe and competent, but it also helps your business to access the right skills, qualifications and competence required now and for the future, facilitating business plans, growth and development.

What we do:

Hard Hat Training Services offer a unique range of services to CITB registered companies. We can help your business with all aspects of managing your training and grant claims. We can ensure that your training needs are managed effectively and that all CITB grants are claimed successfully. We can also help you to ensure your training records meet CITB audit requirements.

Our services:

- Construction Training Support
- Grants
- Funding Applications (including bid-writing and bid management services).
- Project Management
- HR Support
